**TEEN LIFELINE, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2011**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Teen Lifeline, Inc. (the Organization) was incorporated under the laws of the State of Arizona in June 1999 and has been in operation since 1985, originally as part of another not-for-profit organization. Teen Lifeline is a not-for-profit organization dedicated to impacting the devastating problem of teen suicide in Arizona so that any teen, at any time, will have knowledge and access to the Organization, its counselors and services. The Organization's mission is to provide a safe, confidential and crucial crisis service where teens help teens make healthy decisions. The Organization provides services in Arizona.

The Organization's program services train teens four times a year to be Peer Counselors and its Hotline takes more than 6,000 calls per year. The Organization's programs train adolescents in Life Skills Development as Peer Counselors and reach more than 30,000 individuals through its Community Education programs in middle schools and high schools.

The Organization funds its programs and operations through grants, contributions and fundraising activities.

Accounting Framework

The Organization follows standards of accounting and financial reporting for voluntary health and welfare organizations as described in the American Institute of Certified Public Accountants' *Audit and Accounting Guide for Not-for-Profit Organizations* and standards promulgated by the American Institute of Certified Public Accountants for not-for-profit organizations in conformity with United States of America generally accepted accounting principles. Accordingly, the financial statements are prepared on the accrual basis of accounting. Under this method of accounting, revenue and expenses are identified with specific periods of time and are recorded as earned and incurred, respectively, without regard to the date of receipt or payment. The Organization's activities are reported according to three classes of net assets: unrestricted, temporarily restricted and permanently restricted.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents. The Organization maintains cash balances at financial institutions within the \$250,000 per bank limit insured by the Federal Deposit Insurance Corporation (FDIC).

Contributions and Promises to Give

Contribution revenue is recognized when the Organization is notified of the existence of a pledge or receives a contribution. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restriction expires in the accounting period in which the contributions are recognized. When a temporary restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as released from restrictions.

NOTES TO FINANCIAL STATEMENTS

Unconditional promises to give that are expected to be collected within one year are recorded as pledges receivable at net realizable value. Unconditional promises to give that are expected to be collected in periods greater than one year are recorded at the net present value of expected cash flows.

Grants and Pledges Receivable

Grants and pledges receivable are stated at unpaid balances, less an allowance for doubtful accounts. The Organization provides for losses on grants and pledges receivable using the allowance method. The allowance is based on experience, knowledge of the donors or agencies and the industry and other circumstances which may affect the ability of donors or agencies to meet their obligations. It is the Organization's policy to charge off uncollectible amounts when management determines the receivable will not be collected. No allowance is deemed necessary by management for grants and pledges receivable at December 31, 2011.

Donated Assets and Services

Donated assets, services and other non-cash donations are recorded as contributions at their estimated values at the date of donation. Donated services and time are recognized as contributions if the services create or enhance non-financial assets or require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. The Organization pays for most services requiring specific expertise. However, if such services are donated and the value is ascertainable, the fair market value is reflected in the financial statements as revenue and expense.

For the year ended December 31, 2011, the Organization recorded donated materials of \$13,525 and donated services of \$25,250.

In addition, the Organization received numerous hours of donated services by volunteers dedicated to the Organization's programs. The fair value of these donated services is not recognized in the statement of activities since they do not meet the criteria for recognition under generally accepted accounting principles.

The value of in-kind services contributed by volunteers for the year ended December 31, 2011 is as follows:

	<u>Number of Hours Donated</u>	<u>Value</u>
Program services	11,200	\$ 218,176
Mangement and General and Fundraising	<u>300</u>	<u>5,844</u>
	<u>11,500</u>	<u>\$ 224,020</u>

The monetary value of volunteer hours reflected above is calculated at \$19.48 per hour as published in the 2011 Economic Report of the President as reported by the *Independent Sector*.

NOTES TO FINANCIAL STATEMENTS

Functional Expense Allocations

The costs of providing various programs and other activities have been summarized on a functional basis in the Statements of Activities and Functional Expenses. Directly identifiable expenses are charged to programs and supporting services. Certain costs have been allocated among the programs and support services benefited based on management's estimate of employee hours devoted to each function.

Property and Equipment

All acquisitions of property and equipment in excess of \$1,000 and a useful life of more than one year are capitalized. Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation and amortization is provided on the straight-line method over the estimated useful lives of the respective assets.

The Organization's office furniture and equipment valued at original acquisition cost of \$35,000 are fully depreciated at December 31, 2011.

The Organization reviews its valuation of property and equipment whenever events indicate that the carrying amount of the asset may not be recoverable. An impairment loss is recorded when the sum of the future cash flows is less than the carrying amount of the asset. An impairment loss is measured as the amount by which the carrying amount of the asset exceeds its fair value. No impairment losses were recorded in 2011.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes

Teen Lifeline, Inc. is a not-for-profit organization exempt from federal and state income taxes under the provisions of the Internal Revenue Code Section 501(c)(3). Income determined to be unrelated business taxable income may be taxable to the Organization. The Organization did not report any unrelated business taxable income for 2011 and 2010. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A)(11) and is classified as an organization other than a private foundation under Section 509(a)(2).
